SUPPORT FOR SCHOOLS AND INSTITUTIONS NAVIGATING CO-PARENTING CONFLICT

WHAT WE PROVIDE

- A no-cost 2-hour training session (Zoom or in person)
- Personalized communication templates tailored to your setting
- Certification and training for staff
- One-on-one support for complex family situations
- Ongoing review and updates as your needs evolve

THE RESULT?

Less conflict. More clarity. And a return of focus to where it belongs –on the children.

WHEN CONFLICT IS HANDLED WITH CLARITY, CHILDREN THRIVE.

Educators, administrators, and child-serving professionals are often caught in the crossfire—fielding emotionally charged emails, navigating unclear boundaries, and absorbing the impact of adult conflict.

BeH2O™ empowers institutions with practical tools, clear communication strategies, and a mindset rooted in collaboration—not chaos.

WE HELP YOU SHIFT FROM:

- Legal threats to consistent boundaries
- Administrative overload to clear processes
- Reactive responses to calm, confident communication

Over 34% of children from divorced families in the U.S. split their time equally or nearly equally between both parents.

Let's reduce the chaos, restore the focus, and safeguard childhoods—together.
